

WETHERSFIELD XC COURSE AT COVE PARK

COURSE DESCRIPTION:

Surfaces – grass, gravel bike path, hard sand, and short section of asphalt (15 yards each loop); mostly flat with small rolling hills.

Start at green arrow, heading toward cove, bearing right onto the bike path. Stay straight at the curve, around the creek, proceeding through the fence to the beach. Go around the Cove Warehouse via Main St (use asphalt or grass), cross Hanmer Rd onto the bike path. Stay on the path for 200m, turning left up the hill, staying between the trees and DMV parking lot. Right in front of the sidewalk, then another right and go around the playing field, take a right between the trees and sidewalk and repeat the entire loop. Start a third loop, but turn right onto the bike path toward the Solomon Welles House to finish. *All corners will be marked with streamers and/or signs. There will be 2-way traffic for about 50m on the bike path – stay left.*

One loop is 1.4 miles. Start of the third loop to the finish is .3 miles for a total distance of 3.1 miles or 5k.

PHENOMENAL SPECTATOR COURSE!
